

Setting up Application

Environment

Create Send Grid Account

Date	08 November 2022
Team Id	PNT2022TMID00943
Project Name	Plasma Donor Application

Step 1: Navigate to <https://sendgrid.com>

The screenshot shows the SendGrid sign-up page. The main heading is "Let's Get Started" with the subtext "Sign up for free. No credit card required." The form includes an "Email Address" field with the value "arshad7kad@gmail.com", a "Password" field, and a checkbox "Use email address as username" which is checked. Below the password field is a reCAPTCHA "I'm not a robot" checkbox, also checked. At the bottom of the form is a "Create Account" button. On the right side, there is a "Try it out!" section with the text "Send email for free." and a list of features: "Automated drip campaigns", "Password resets", "Newsletters", "Receipts", "Delivery notifications and updates", and "Promoted emails".

Step 2: Click on “Start for free” and register yourselves by entering required details and click on create account.

Step 3: Further fill all required details in next page and click on get started.

Welcome, Arshad!

To get up and running quickly, please follow the steps outlined below.

Send your first emails with Twilio SendGrid

Create a sender identity

Before sending email, you'll need to create a sender identity. There are [two ways](#) to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.

Create a Single Sender

Authenticate a domain instead

Your sender identity is the "from" email address your recipients will see in their inbox. [Learn more](#) about this.

Your Business
